We invite you to **ERL SESSIONS** with a short informal ERL TALK.

We seek ideas which can boost the position of language in education
and bridge the gap between linguistic and educational studies.

Choose any format of talk you like, but please make sure to include the four ERL elements:

<p>LANGUAGE(-)BELIEFS</p> <p>Tell us</p> <p>WHY your topic matters to you and education. (1)</p>	<p>LANGUAGE(-)ACTIVITY</p> <p>Show</p> <p>HOW to apply your ideas in educational practice (2)</p>
<p>Share with us</p> <p>HOW you feel about the issue you refer to (3)</p> <p>LANGUAGE(-)AFFECT</p>	<p>Point out for us</p> <p>WHAT knowledge is most crucial in your talk (4)</p> <p>LANGUAGE(-)THINKING</p>

We advise you to go along the sequence (1)-(2)-(3)-(4), but you are free to take a different “route”.
