

# ERL STROKES \*

We gather together to gather **2-minute** "strokes" for various social purposes.

## STORIES

based on facts

Each participant chooses a 4-min slot for the stroke and a few short comments.

Open to participants of different nationalities, walks of life, races, or ages.

## JOKES

without offence

Informal, free-of-charge, dynamic, non-academic, but hopefully educational and entertaining.

## RIDDLES

worth promoting

With a shared spreadsheet we collect items you are free to use during any social occasions.

## DISCOVERIES

meaningful to many

\* A non-scientific online gathering organised by a scientific organisation to bring us down to earth a bit:;) Sound recorded for private repetitions:;)
