

Educational Role of Language Group's Call

'BUILDING ERL CONCEPTUAL BANK TOGETHER'

THEME

titles, components

Under this call we to foster cooperation focused on four types of content supporting the prioritization of language in education, namely: Arguments, Settings, Implementations, and Visions – the details of which are shown at one of the ERL Group's subpages. We view this collection as a way of joining forces for the shared ambition.

AIMS

intended benefits

The intended collection of the four-tier content is meant to become a yardstick for policy makers in the construction of modern educational systems observing the proper pivotal position of language in education, and to prompt further actions and calls making use of the collection envisaged – for the sake of the whole educational world.

SUBSTANCE

overall logic

The Calls is based on the idea of disinterested open exchange of ideas and experience by ERL Partners and, regarded as a highly educational opportunity for all the entities involved. The eponymous non-financial bank forms the core of all kinds of ERL projects, and international and interdisciplinary initiatives.

TECHNICALITIES

dates, contacts

The Call has no closing date. It was initiated at the beginning of the year 2024 and remains open to any entities falling within ERL Paradigm. Do feel free to share this Call with any entities potentially interested in cooperation aimed at boosting the position of language. To join, please email us at group@educationalroleoflanguage.org
